Subject to approval at the February 24, 2026, Board of Works meeting.

City of West Lafayette, Indiana
Board of Public Works and Safety
MINUTES

February 17, 2026
8:30 a.m.
Sonya L. Margerum City Hall
Council Chambers

Members present were M. Michelle Dearing, Thomas L. Gilliom, Thomas J. Kent, and Jeffrey W. Love. Clerk Sana G. Booker presided.

1. APPROVAL OF MINUTES
   a. February 10, 2026, Meeting
      Mr. Love moved to accept the minutes of the February 10, 2026, Board of Works meeting. Mr. Gilliom seconded the motion.

      The motion was adopted.

2. NEW BUSINESS
   a. Declare Items Surplus: Multiple Vehicles and Attachments – Street
      Street Commissioner Jeremy Stinson requested approval to declare the items listed in the memo as surplus. They are no longer of any use to the City. These items will be listed for sale on GovDeals.

      Mr. Love moved that the items declared surplus be approved. Mr. Gilliom seconded the motion.

      Mr. Kent asked what happens to items that do not sell. Commissioner Stinson explained that everything the City has listed has always sold, even if it is at scrap value. The auction can also be extended or relisted.

      The motion was adopted.

   b. Sole Source Purchase: Fastmelt 777 – Epic Solutions – Street
      Commissioner Stinson requested approval of a sole source purchase for Fastmelt 777 from Epic Solutions for $20,181.00. Epic Solutions is a sole source provider for Fastmelt 777 in the State.

      Mr. Love moved that the sole source purchase be approved. Mr. Gilliom seconded the motion.

      In response to questions from Mr. Love, Commissioner Stinson explained that Fastmelt 777 is a thermoplastic melter that can hold up to 777 pounds of thermoplastic. The biggest downtime when applying thermoplastic is waiting for the material to heat up to be able to apply it to the roadway. Typically, a full pot

on the machine can do about six stop bars. This product will allow us to pre-melt material beforehand so we can do a lot more a lot faster.

The motion was adopted.

c. Sourcewell Purchase: Bomford Arm and Saw Attachments – Parsons Equipment – Street

Commissioner Stinson requested approval to purchase a Bomford arm with saw attachments from Parson's Equipment for $89,967.00. These would be purchased using Sourcewell pricing with Motor Vehicle Highway funds.

Mr. Love moved that the Sourcewell purchase be approved. Mr. Gilliom seconded the motion.

Mr. Kent asked what this attachment does. Commissioner Stinson explained that it would be mounted on the front of the wheel loader and has a telescopic arm that will allow us to do a lot of roadway, right-of-way, and tree trimming.

The motion was adopted.

d. Agreements: CBDG Public Service Agencies - Food Finders and Tippecanoe Senior Services – Development

Project Manager Ethan Fortner requested approval to enter into the three agreements listed in the memo. One agreement is with Food Finders Food Bank, and two agreements are with Tippecanoe Senior Services. This funding was allocated by the Mayor's Community Development Block Grant (CDBG) Advisory Board, and the budget was approved at the June 2025 City Council meeting. The funding is provided by the CDBG Entitlement Program through the U.S. Department of Housing and Urban Development. He mentioned there will also be a couple more public service agreements coming through in the next few weeks.

Mr. Love moved that public service agency agreements be approved. Mr. Gilliom seconded the motion.

The motion was adopted.

e. Amendment No. 3: Northside Regional Lift Station – Greeley and Hansen – WWTU

Operations Supervisor Adam Huwe requested approval of Amendment No. 3 to the Northside Regional Lift Station and Force Main Phase 2 contract with Greeley and Hansen Engineers for an amount not to exceed $447,000.00. This amendment includes an updated survey between Kalberer Road and the existing Lift Station, Economic Development Administration (EDA) site clearance (as required by EDA grant conditions), easement acquisition for an estimated five properties, and an updated design for the 4.5-million-gallon lift station with a 16-inch diameter force main.

Mr. Love moved that Amendment No. 3 be approved. Mr. Gilliom seconded the motion.

Mr. Gilliom asked if Greeley and Hansen would acquire the easements or make recommendations to the City. Corporation Counsel Eric Burns explained that generally a subcontractor that specializes in easement acquisition would be used.

Mr. Love asked if the five property owners have been notified. Counsel Burns said he doubts there has been any contact except for incidental because nothing has been designed yet. Supervisor Huwe said he believes this is associated with growth on the north side of the City, but that he is not a part of those conversations. Counsel Burns clarified for Mr. Love that as plans get drawn up the acquisition company would contact impacted property owners to explain the situation. Often property owners, particularly if it is an improvement like this, will get along very easily and get things worked out.

Mr. Kent asked if eminent domain would come into this. Counsel Burns stated that it could. There have been four instances out of what we have done over many years. It does happen, but it is often worked out amicably with the property owner.

The motion was adopted.

f. Lane Closure: Yeager Road – Crider & Crider, Inc. – Engineering

Project Manager Benjamin Neild requested approval of a lane closure on behalf of Crider & Crider, Inc. Beginning February 23, 2026, Crider & Crider, Inc. will close the northbound lane of Yeager Road, north of Kalberer Road at the SK Neuron project site. Northbound traffic will be shifted into the center left turn lane during the closure. The purpose of the work is to remove existing concrete curbs to install construction entrances for the SK Neuron project. Lanes are scheduled to reopen by February 27, 2026.

Mr. Love moved that the lane closure be approved. Mr. Gilliom seconded the motion.

The motion was adopted.

g. Lane and Sidewalk Closure: West Navajo Street – Daystar Drilling – Engineering

Manager Neild requested approval of a lane and sidewalk closure on behalf of Daystar Drilling. The westbound lane and north sidewalk of West Navajo Street, between Huron Road and Miami Trail, will be closed from February 17, after 9:00 a.m. through February 27, 2026. The closure will be in effect between 8:00 a.m. and 4:00 p.m. on working days. The purpose of the closure is to continue the installation of a new water main.

Mr. Love moved that the lane and sidewalk closure be approved. Mr. Gilliom seconded the motion.

The motion was adopted.

h. Conflict of Interest Form: Tom Gilliom – Board of Works Member
Clerk Sana Booker stated that Tom Gilliom is an unpaid board member for Lafayette Transitional Housing Center (LTHC). Since LTHC could potentially receive CDBG funds, Mr. Gilliom would be asked to leave the room and be unable to vote on any agenda items regarding them.

Clerk Booker acknowledged receipt of the Conflict of Interest Disclosure Form.

The motion was adopted.

3. CLAIMS
   a. AP Docket $94,824.59

Mr. Love moved that the claims be approved. Mr. Gilliom seconded the motion.

There were no questions or comments about the claims.

The motion was adopted.

4. INFORMATIONAL ITEMS
   a. Closure Schedule Change: Airport Road – Old Town Construction – Engineering
      There were no questions or comments about the listing.
   b. Park Board Dockets
      There were no questions or comments about the listing.
   c. Purchasing Card Transactions
      There were no questions or comments about the listing.

5. OTHER ITEMS
   - Mayor Erin Easter spoke about the recent communication regarding the removal of “The Kissing Tree.” A former mayor of the City shared that they had their first kiss under that tree and as many things go, that became a part of City lore. There are several places in the City with lore and colloquial names that are often referred to throughout local government. The City tried for many years to keep this tree in its incredible shape where it is, but between the landowner and the City, we have determined that it will need to come down for safety reasons. That will happen the week of West Lafayette School Corporation’s Spring Break, starting the weekend of March 14th. In the interest of the community's feelings, since it is such an iconic tree in the City, the Communications Department has been doing an incredible job of collecting stories to share. There will also be a chance for everyone to have their final kiss under “The Kissing Tree” on March 9, 2026, from 11:30 a.m. to 1:30 p.m. This will be a fun opportunity to celebrate this iconic tree in our community before it is removed.

Mr. Gilliom asked where this tree is located. Mayor Easter stated it is on the corner of North Grant Street and Forest Hill Drive, almost across from the West Lafayette Junior/Senior High School.

Mr. Kent asked if anything would be saved from the tree. Mayor Easter stated that several ideas have been brought up, but the current challenge is two-fold. One is that the contractor may want to take the wood and do something with it. Two is that we do not know if we can find a woodworker who would be willing to do so. We have approached a few people in the community who may be interested.

- Director of IT Chris Benavidez stated that there were network outages over the weekend due to an issue with the air conditioner at the Police Station. Everstream, the City's phone provider, is also experiencing an outage. All outages are currently being worked on, but sporadic issues may occur throughout the day.

- Clerk Booker shared a quote: "In a world filled with hate, we must still dare to hope." – Michael Jackson. She also shared an interesting fact that you cannot hum if you hold your nose

6. ADJOURNMENT

   There being no further business to come before the Board, Mr. Love moved that the meeting be adjourned, and Clerk Booker adjourned the meeting.

MEMO

TO: West Lafayette Board of Public Works and Safety

FROM: David Henderson, Utility Director, WRRF

DATE: February 24, 2026

SUBJECT: Water Resource Recovery Facility Expansion – Developer Recommendation

On Tuesday February 10, 2026, the Board of Public Works and Safety received two (2) proposals from Developers in response to the RFPQ for the project. We have reviewed the proposals in the RFPQ Committee, of whose 6 members each scored proposals independently and the compiled results are as follows:

CRITERIA	Points Available (Max)	F.A. Wilhelm	Bowen Engineering
Overview and Qualifications	120	102	118
Refences	30	22	29
Technical Approach	180	156	170
Project Implementation	180	151	172
Financial Approach	30	27	27
Operations Approach	60	47	57
TOTAL SCORE	600	**505**	**573**

Bowen Engineering received the higher combined score. Furthermore, each member of the committee scored Bowen Engineering higher in each of their reviews. The RFPQ committee recommends that the Board authorize the WRRF staff and Wessler Engineering move forward in the scoping process toward a Guaranteed Maximum Price with Bowen Engineering.

I ask for your approval and thank you for your consideration.

DATE: February 24, 2025

SUBJECT: Retroactive Road & Sidewalk Closure: Grant Street – ARS Rescue Rooter - Engineering

The City of West Lafayette Engineering Department respectfully requests retroactive approval for a road and sidewalk closure on behalf of ARS Rescue Rooter.

On Thursday, February 18, ARS Rescue Rooter closed the northbound lane and east sidewalk of Grant Street at 354 Sylvia Street to perform an emergency repair of a sewer lateral located in the customer's yard.

The Police and Fire Departments were notified, and appropriate vehicular detour signage was installed and maintained throughout the duration of the closure.

ARS Rescue Rooter agreed to promptly notify the City of any unforeseen changes or delays related to the work.

Thank you for your time.

DATE: February 24, 2026

SUBJECT: Lane & Sidewalk Closure: West Navajo Street – F. A. Wilhelm Construction – Engineering

The City of West Lafayette Engineering Department requests approval for lane and sidewalk closure on behalf of F. A. Wilhelm Construction.

F. A. Wilhelm Construction has requested to close the south sidewalk and the south eastbound lane of West Navajo Street adjacent to the Public Safety Center construction site on Monday, March 3, and Tuesday, March 4. The purpose of the closures is to facilitate a concrete pour for the Public Safety Center project.

The Police and Fire Departments have been notified, and appropriate traffic control measures will be in place for the duration of the closures. The contractor will promptly notify the City of any unforeseen changes or delays to the schedule.

Thank you for your time.

DETAILED MOT PLAN FOR SLAB ON GRADE POUR

1. The PUMP TRUCK is planned to be placed between the US Post Office and the former Indiana BMV building.

2. The barriers will need to be moved approximately 10’ further north than they are currently placed. This is due to the outriggers needing 33’-0” of cleared space.

3. FAW will provide two (2) traffic controllers and W. Navajo Street will be reduced to one (1) lane of traffic, but will maintain access to the Post Office, BMV building, E/W traffic, etc.

4. Concrete Trucks will be staged off W. Navajo St., dictated by SRM, to avoid congestion of W. Navajo St. and when ready to be unloaded will pull into the East of the pump truck.

5. The concrete pour will last the full duration of the work day. 7am Start time, the truck will set up at 6am on Wednesday, March 3rd.

6. After the concrete pour is completed and the pump truck has been cleaned up, the truck will depart from this location and the barriers will be moved to current location, allowing the barriers to be placed back in their original location.

SUBJECT: WLPD Use of Force Reporting Policy Update

The West Lafayette Police Department respectfully requests the Board of Works' approval to update Policy 300 – Use of Force Reporting.

The proposed revisions modernize and clarify the Department's reporting requirements following any application of force by sworn personnel. The updates align the policy with current Indiana Law Enforcement Accreditation Commission (ILEAC) standards, the Indiana Law Enforcement Training Board (LETB) Uniform Statewide Policy on Deadly Force, and Lexipol best-practice guidance.

Information removed will be in red and information added will be in blue.

Thank you for your consideration.

Use of Force Reporting

300.1 PURPOSE AND SCOPE

State MODIFIED

This policy provides ~~additional~~ guidelines on ~~the~~ ~~reasonable~~ reporting use of force incidents. For guidelines on the use of force, see ~~apart from~~ the Indiana Law Enforcement Training Board (LETB) Uniform Statewide Policy on Deadly Force, located in Chapter 3 of this manual. ~~While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this is expected also to use these additional guidelines to make such decisions in a professional, impartial, and reasonable manner.~~

~~In addition to those additional methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy and the LETB Uniform Statewide Policy on Deadly Force shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.~~

~~300.1.1 DEFINITIONS~~

300.2 POLICY

Best Practice MODIFIED

The use of force by members of the West Lafayette Police Department is governed by the Indiana Law Enforcement Training Board (LETB) Uniform Statewide Policy on Deadly Force. The West Lafayette Police Department shall report all uses of force by it's members in accordance with the requirements established in this policy, and all other applicable policies, procedures, directives, or law. ~~by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community.~~ Officers ~~are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.~~

Officers ~~must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.~~

~~The~~ West Lafayette Police Department ~~recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting~~ officers ~~with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.~~

300.2.1 DUTY TO INTERVENE AND REPORT

Federal | MODIFIED

Any officer present and observing a member other than a sworn officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force.

Any officer who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances and does not intervene should report these observations to a supervisor as soon as feasible.

300.2.2 PERSPECTIVE

Best Practice | MODIFIED

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.3 USE OF FORCE

Federal | MODIFIED | ILEAC v1.04 - 3.3.1 (a), 3.3.1 (e), 3.3.1 (f)

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.This policy shall not be construed to require officers to assume unreasonable risks to themselves.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

Federal MODIFIED

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

A. Immediacy and severity of the threat to officers or others.

B. The conduct of the individual being confronted, as reasonably perceived by the officer at the time.

C. Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

D. The effects of suspected drug or alcohol use.

E. The individual's mental state or capacity.

F. The individual's ability to understand and comply with officer commands.

G. Proximity of weapons or dangerous improvised devices.

H. The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.

I. The availability of other reasonable and feasible options and their possible effectiveness.

J. Seriousness of the suspected offense or reason for contact with the individual.

K. Training and experience of the officer.

L. Potential for injury to officers, suspects, and others.

M. Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.

N. The risk and reasonably foreseeable consequences of escape.

O. The apparent need for immediate control of the individual or a prompt resolution of the situation.

P. Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

Q. Prior contacts with the individual or awareness of any propensity for violence.

R. Any other exigent circumstances.

300.3.2 PAIN COMPLIANCE TECHNIQUES

State MODIFIED

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department approved training. Officers utilizing any pain compliance technique should consider:

Copyright Lexipol, LLC 2026/02/18, All Rights Reserved.
Published with permission by West Lafayette Police Department

A. The degree to which the application of the technique may be controlled given the level of resistance.

B. Whether the individual can comply with the direction or orders of the officer.

C. Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

For additional guidance on the use of defensive tactics see the LETB Uniform Statewide Defensive Tactics Training Program Policy.

300.3.3 USE OF FORCE TO SEIZE EVIDENCE

Best Practice | MODIFIED

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. Officers are encouraged to use techniques and methods taught by the West Lafayette Police Department for this specific purpose.

300.4 DEADLY FORCE CONSIDERATIONS

Federal | MODIFIED | ILEAC v1.04 - 3.3.1 (c), 3.3.1 (d)

In accordance with the LETB Uniform Statewide Policy on Deadly Force, deadly force is authorized, and restricted to, circumstances in which the officer has probable cause to believe that such force is necessary to prevent an imminent threat or risk of serious bodily injury or death to the officer or a third person.

A. When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a police officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

B. An officer should not use deadly force against a person whose actions are solely a threat to themselves or property.

C. Unless deadly force is justified, officers should not apply a chokehold as defined by the LETB Uniform Statewide Policy on Deadly Force, or intentionally use any other technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted.

300.4.1 DEADLY FORCE INVOLVING MOVING VEHICLES

Best Practice | MODIFIED | ILEAC v1.04 - 3.3.1 (d)

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

A. When a moving vehicle itself is being used as a deadly weapon, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants whenever feasible.

B. from the vehicle, etc.), officers must exercise extraordinary care prior to responding to such a threat due to the uncertainty of other non-threat occupants.

C. Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 POINTING OF FIREARM

Agency Content

No member of the West Lafayette Police Department should point a firearm at or in the direction of another person unless there is a reasonable perception the situation may escalate to the point where deadly force is necessary.

A. When the imminent risk of deadly force is no longer present, officers should holster or otherwise secure their weapons as soon as practicable.

B. Pointing a firearm at or in the direction of another person is a reportable incident. Members of the West Lafayette Police Department shall notify a supervisor and properly document the incident with a report, with the following exceptions:

1. Department members operating within the Special Response Team during the course of a SWAT incident.

2. Department members who point an unloaded or training firearm at a person during any department authorized training.

300.5 REPORTING THE USE OF FORCE

Best Practice | MODIFIED | ILEAC v1.04 - 3.3.2 (a), 3.3.2 (b), 3.3.2 (c), 3.3.2 (d), 3.3.2 (e)

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report and use of force form report. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 USE OF FORCE CLASSIFICATION

Agency Content

Class 1: Non-injurious Use of Physical Force, Baton, Chemical agent, Taser, or Vehicle.

Class 2: Injurious Use of Physical Force, Baton, Chemical Agent, Taser, or Vehicle, and including injurious or non-injurious discharging of a firearm.

Class 3: Serious Bodily Injury or Fatal Use of Deadly Force using any weapon or item

300.5.2 NOTIFICATIONS TO SUPERVISORS

Best Practice | MODIFIED

Published with permission by West Lafayette Police Department

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

A. Any force used beyond soft empty hand control.

B. The application caused a visible injury.

C. The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

D. The individual subjected to the force complained of injury or continuing pain.

E. The individual indicates intent to pursue litigation.

F. Any application of the conducted energy device or control device.

G. Any application of a restraint device other than handcuffs, shackles, or belly chains.

H. The individual subjected to the force was rendered unconscious.

I. An individual was struck or kicked.

J. An individual alleges unreasonable force was used or that any of the above has occurred.

300.6 MEDICAL CONSIDERATIONS

Best Practice | ILEAC v1.04 - 3.3.1 (i)

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under

control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SHIFT SUPERVISOR RESPONSIBILITIES

Best Practice | MODIFIED | ILEAC v1.04 - 3.3.3, 3.3.4

A shift supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

A. Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

B. Ensure that any injured parties are examined and treated.

C. Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.

   1. These photographs should be retained until all potential for civil litigation has expired.

D. Identify any witnesses not already included in related reports.

E. Ensure all appropriate reports and the use of force form report are completed by appropriate members or investigators.

F. Review and approve all related reports for accuracy.

G. Any officer involved in any use of force whose action(s) or use of force in an official capacity results in death or serious physical injury will be removed from line-duty assignment pending a documented meaningful review or investigation of the incident in order to:

   1. Protect the public's interest and;

   2. Protect the officer from possible confrontation.

H. Forward all documentation to the Administrative Staff.

If a shift supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

Additionally, the shift supervisor shall review each use of force by any personnel within their command to ensure compliance with this policy and to address any training issues.

~~300.8 TRAINING~~

Best Practice | MODIFIED | ILEAC v1.04 - 2.6.1 (h), 1.10.2 (a), 1.9.8 (a)

Copyright Lexipol, LLC 2026/02/18, All Rights Reserved.
Published with permission by West Lafayette Police Department

Officers ~~shall receive training on this policy and demonstrate their knowledge and understanding.~~

~~Subject to available resources,~~ officers ~~should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.~~

~~300.8.1 STATE-SPECIFIC TRAINING REQUIREMENTS~~

~~State~~ ~~MODIFIED~~ ~~ILEAC v1.04 - 1.10.2 (a)~~

~~The~~ Training Officer ~~should consider a review of the LETB Uniform Statewide Defensive Tactics Training Program Policy and Uniform Statewide Policy on Deadly Force on an annual basis and in conjunction with this policy as appropriate.~~

~~300.8.2 TRAINING REQUIREMENTS~~

~~Best Practice~~ ~~MODIFIED~~

~~Required annual training shall include:~~

A. ~~Legal updates.~~

B. ~~De-escalation tactics, including alternatives to force.~~

C. ~~The duty to intervene.~~

D. ~~The duty to request and/or render medical aid.~~

E. ~~Warning shots (see the LETB Uniform Statewide Policy on Deadly Force).~~

F. ~~All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).~~

300.9 USE OF FORCE ANALYSIS

Discretionary MODIFIED ILEAC v1.04 - 3.3.1 (j)

A. The Captain of Special Services will investigate all use of force incidents. The investigation should result in findings of the following:

1. Relevant facts and circumstances surrounding the incident.
2. Was the use of force reasonably necessary, under the known circumstances, and in compliance with departmental rules, policies, directives, and training; and
3. What, if any, injuries are evident or alleged.

B. At least annually, the Captain of Special Services shall ~~ould~~ prepare a summary ~~n~~ analysis report on use of force incidents. This report should be submitted to the Chief of Police. The report should include:

1. The identification of any trends in the use of force by members.
2. Any applicable training recommendations.
3. Any applicable equipment recommendations.
4. Any recommended policy revisions.

Vehicle Pursuits

306.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

306.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized emergency vehicle or emergency vehicle - Vehicles operated by a police agency, department or office, or the Department of Corrections, that are designated and used as an authorized emergency vehicle in accordance with I.C. § 9-21-20 and properly equipped with red and blue signal lamps and/or a siren, whistle, or bell as required/ permitted by I.C. § 9-19.

Rolling Roadblock/ Boxing In- An active attempt at using several vehicles to enclose or confine a suspect vehicle in order to bring a safe end to the pursuit while protecting a third party.

Direct Pursuit Involvement – Any officers who are following directly behind the suspect vehicle in a pursuit; typically, the primary pursuing officer and authorized backup units.

Forceable Felony - A felony that involves the use of force against a human being in which there is imminent danger of serious bodily injury to a human being.

Indirect Pursuit Involvement – Any officer who operates an authorized emergency vehicle, in emergency mode, to support the lawful and safe resolution of a vehicle pursuit.

Lawful intervention technique or pursuit intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the precision immobilization technique (PIT), ~~ramming,~~ or roadblock procedures (I.C. § 9-21-1-0.5).

Paralleling - When officers are traveling in the same direction or on an intercept course with the intent to be in a position to assist. Officers paralleling a pursuit are considered part of the pursuit, regardless of their proximity to the pursuit. Paralleling must be done with due regard for the safety of all persons.

Precision Immobilization Technique (PIT) - A technique used by a trained law enforcement officer operating an authorized emergency vehicle to make contact at controlled speeds with the violator vehicle being pursued in order to push the rear of the violator vehicle to the point it spins causing the violator vehicle to stop.

Primary pursuing officer- The officer in the lead police vehicle during a pursuit.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in its path.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles in compliance with this policy.

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - Pursuing or following a person who knowingly or intentionally flees from a law enforcement officer after an officer has been identified, by visible or audible means and ordered the person to stop with the intent to detain, apprehend or arrest.

306.2 POLICY

It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

The West Lafayette Police Department will actively attempt to apprehend violators who choose to evade police attempts to stop them, either by means of vehicle or by foot. The West Lafayette Police Department recognizes the need to protect the public from dangerous or potentially dangerous individuals who choose to evade police, and commit continuing hazardous violations.

All members of the West Lafayette Police Department will use due regard in their attempt to stop the fleeing violator with the following procedure to be viewed as an administrative guide in carrying out that duty.

306.3 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with emergency lighting and sirens as required by law (I.C. § 9-13-2-6(1)(B)).

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (I.C. § 9-21-1-8):

A. Park or stand in the roadway, notwithstanding the other provisions of IC9-21:

B. Proceed past a red or stop/signal/stop sign, after slowing down as necessary for safe operation:

C. Exceed the maximum speed limits if the operator does not endanger life or property: or

D. Disregard regulations governing direction of movement or turning in specified directions.

E. The foregoing privileges do not relieve the person who drives an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons nor shall such privileges protect the person who drives an authorized emergency vehicle from the consequences of the person's reckless disregard for the safety of others.

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

F. Personnel shall use due regard in all emergency/pursuit driving situations, as dictated by; roadway conditions; density of vehicular and/or pedestrian traffic; visibility; terrain; limitations of emergency equipment; and other relevant circumstances.

West Lafayette Officers shall have the video recording system within their police vehicle and body worn camera operating while engaged in a vehicle pursuit, if equipped.

306.3.1 WHEN TO INITIATE A PURSUIT

The West Lafayette Police Department will only initiate a pursuit for suspected forcible felony offenses. Shift Commanders may direct officers to initiate a pursuit for articulable reasons that jeopardize the safety and welfare of the public.West Lafayette Police Officers will not pursue any two wheeled vehicles unless the offense committed by the operator constitutes deadly force.

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

A. The seriousness of the known or reasonably suspected crime and its relationship to community safety.

B. The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

C. The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

D. The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

E. The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.

F. The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

G. The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.

H. Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.

I. Speeds of suspect and police vehicle.

J. Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

K. The availability of other resources, such as air support assistance.

L. Any police vehicle with a prisoner or civilian inside cannot initiate or join a pursuit at any time under any circumstances.

Published with permission by West Lafayette Police Department

M. Freshness of the originating crime.

306.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape (I.C. § 9-21-1-8(d)).

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

A. The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.

B. The pursued vehicle's location is no longer definitely known.

C. The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

D. The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable (I.C. § 9-21-1-8(c)).

E. Hazards to uninvolved bystanders or motorists.

F. The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.

G. When the identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

Should a pursuit be terminated all officers involved with the pursuit shall verbally indicate over the radio their acknowledgement of the termination of the pursuit.

306.3.3 NOTIFICATIONS AFTER TERMINATING A PURSUIT

After the termination of a pursuit, the primary pursuing officer should make the following notifications:

A. the Dispatch Center should be notified:

1. That all emergency equipment (lights and sirens) has been deactivated

2. Of the location where the pursuit was terminated

3. Of the suspect's last known location and direction of travel

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

4. What actions officers took to terminate the pursuit (e.g., stationary, turned in the opposite direction)
5. If the pursuit is terminated by a lawful intervention technique
6. If the pursuit results in injury or death

B. A supervisor should be notified:

1. If the pursuit is ended by a lawful intervention technique
2. If the pursuit resulted in an injury or death

306.3.4 REINSTATING A TERMINATED PURSUIT
An officer may reinstate a previously terminated vehicle pursuit only if authorized by a supervisor and conducted in accordance with the guidelines for initiating a vehicle pursuit.

306.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles as soon as practicable.

Any unmarked police vehicle with operable red and blue lights and siren may initiate a pursuit. If the initiating officer in pursuit is driving an unmarked vehicle, the driver of such vehicle shall relinquish their primary status to a marked police vehicle with red and blue lights and siren operating, and may operate as a secondary unit until another marked police vehicle is available to take over as the secondary unit. At that point, the officer in the unmarked police vehicle or van shall proceed under normal conditions in the event of an apprehension, to the scene of the stop.

Direct pursuit involvement should be limited to three police department emergency vehicles (initial pursuing unit and two backup units).More than three units may be directly involved in the pursuit only if deemed necessary and approved by the shift commander after considering the known circumstances at the time.

At times it may become necessary and prudent for other officers to become indirectly involved in the pursuit in order to clear intersections, employ intervention measures, etc.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location.

306.4.1 MOTORCYCLES
Police motorcycles are not permitted to be involved in a pursuit.

306.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit (I.C. § 9-19-5-3; I.C. § 9-19-14-5).

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

306.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to the officer or others.

The primary pursuing officer should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

A. The location, direction of travel and estimated speed of the suspect's vehicle.

B. The description of the suspect's vehicle including the license plate number, if known.

C. The reason for the pursuit.

D. The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.

E. The number of occupants and identity or description.

F. The weather, road and traffic conditions.

G. The need for any additional resources or equipment.

H. The identity of other law enforcement agencies involved in the pursuit.

Failure to provide the above information may cause the shift commander to order a termination of the pursuit.

Once the pursuing officer has notified dispatch of the above information, they shall place their radio on Tippecanoe County Special Detail channel as soon as this can be done safely. Tippecanoe County Special Detail channel shall remain the primary radio frequency until the pursuit is completed.

Unless relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

306.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

A. Immediately notifying the dispatcher of the officer's entry into the pursuit.

B. Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.

C. Broadcasting information that the primary pursuing officer is unable to provide.

D. Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.

E. Identifying the need for additional resources or equipment as appropriate.

F. Serving as backup to the primary pursuing officer once the suspect has been stopped.

306.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

A. Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.

B. Because intersections can present increased risks, the following tactics should be considered:

   1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

   2. Pursuing officers should exercise due regard and slow down as may be necessary when proceeding through controlled intersections.

C. As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway unless approved by the shift commander. In the event the pursued vehicle does so, the following tactics should be considered:

   1. Request assistance from available air support.

   2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.

   3. Request other officers to observe exits available to the suspect.

D. Notify the appropriate law enforcement agency if it appears that the pursuit may enter its jurisdiction.

E. Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

306.5.1 PURSUIT TRAILING
In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

306.5.2 AIR SUPPORT ASSISTANCE
When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

306.5.3 OFFICERS NOT INVOLVED IN THE PURSUIT
Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the policevehicle.

Unless authorized by shift command, non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle and two backup units should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

306.6 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

306.7 ASSISTING OTHER AGENCIES
The agency which initiated pursuit will remain in overall control of the pursuit until the suspect is apprehended or pursuit is terminated for other reasons.

Published with permission by West Lafayette Police Department

When another agency is involved in a pursuit that enters West Lafayette jurisdiction, WLPD officers will only assist actively in the pursuit if verbally requested by the pursuing agency, and approved by shift supervisor. WLPD Officers may deploy tire deflation devices without approval from the pursuing agency in attempts to prevent the pursuit from continuing into the city of West Lafayette. Officers may attempt to clear intersections along the route of the pursuit or assist the other agency by relaying road information that may be beneficial to the pursuing agency. WLPD officers will disregard their involvement with the pursuit once the pursuit leaves West Lafayette jurisdiction. Supervisor may authorize further involvement if deemed necessary.

If any other agency loses a vehicle that was being pursued and a West Lafayette officer later picks up the same vehicle, this would be considered a separate pursuit. WLPD Officer may initiate a pursuit at this time if warranted.

306.8 PURSUIT INTERVENTION

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/ supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. The decision to use any intervention tactic should be reasonable in light of the circumstances known to the officer at the time of the decision.

306.8.1 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. The use of any lawful intervention technique is limited to officers who have received training in the tactic. Intervention techniques shall only be used upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed (I.C. § 35-41-3-3(c)).

A. Rolling Roadblock/Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public, and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

    1. Rolling roadblocks are not recommended, but they may be used in circumstances where it is necessary to protect a third party. Non-police vehicles shall not be used to conduct a rolling roadblock.

B. The PIT should only be used after giving consideration to the following:

    1. Supervisory approval should be obtained before using the technique.

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

2. The need to immediately stop the suspect vehicle in order to safeguard life or preserve public safety and where it reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officer, or the public.
3. It reasonably appears the technique will terminate or prevent the pursuit.
4. PIT may only be used while traveling at speeds not exceeding fifty (50) miles per hour unless deadly force is authorized.
5. Those factors relevant to deciding whether to initiate or continue a pursuit.
6. The technique should be used in accordance with department training guidelines and when used it is considered a non-deadly use of force.
7. The availability of sufficient back-up officers when the technique is used to prevent the suspect vehicle from escaping after stopping.

C. 1.

2.

D. Tire deflation devices should be deployed only after considering whether to initiate or continue a pursuit, and after notifying pursuing officers and a supervisor of the location of the intended deployment in a manner that:

1. Is in accordance with manufacturer guidelines and training.
2. Should reasonably only affect the pursued vehicle.
3. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
4. Considers the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
5. Tire deflation devices shall not be used on any two wheeled vehicles unless deadly force is justified.
6. Tire deflation devices shall not be used on any vehicle transporting hazardous materials.
7. Tire deflation devices shall not be used on a school bus transporting children.
8. Tire deflation devices shall not be used on any vehicle that would pose an unusual hazard.
9. The officer should notify dispatch of the deployment results immediately after the pursued vehicle contacts or avoids the tire deflation device.
10. The officer should immediately remove the device from the roadway after suspect vehicles pass the location and it is safe to do so.
11. The officer should secure the tire deflation device in a department vehicle and conduct a thorough inspection of the tire deflation device when appropriate.
12. Damaged tire deflation devices should be reported to the appropriate supervisor and replaced as soon as practicable.

Published with permission by West Lafayette Police Department

13. Tire deflation devices should not be used as a hand weapon.

E. Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public. Roadblock considerations are as follows:

1. Officers should deploy a roadblock in a location that provides clear visibility to traffic in all directions.
2. Roadblocks must be positioned in such a location and manner that the suspect can see the roadblock and have sufficient time and distance to come to a stop prior to the roadblock.
3. Officers should remove or detour uninvolved vehicles and/or persons from the area.
4. Officers shall not use privately-owned vehicles in a roadblock.
5. Officers shall not occupy any vehicle that is being used as part of a roadblock.
6. Officers should activate available emergency lighting and flashers and may use other means of increasing visibility (e.g. road flares)
7. Emergency medical services (EMS) and fire department personnel should be notified of an established roadblock, as soon as practicable.

306.9 POST-STOP GUIDELINES

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

At the conclusion of a vehicle pursuit, including after the use of a pursuit intervention tactic, officers should follow the applicable procedures for conducting a high-risk traffic stop.

When practicable, officers other than the primary pursuing officer should arrest and transport the suspect to jail.

306.10 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

Copyright Lexipol, LLC 2026/02/19, All Rights Reserved.
Published with permission by West Lafayette Police Department

A. The primary pursuing officer shall complete appropriate crime/arrest reports.

B. All secondary or assisting officers, including those who deployed tire deflation devices, set up roadblocks, or applied other lawful intervention techniques, shall report that information to the primary pursuing officer as well as document their involvement and actions in a report supplement to the primary case report.

C. The primary pursuing officer shall complete the established pursuit review form.

D. The completed pursuit review form will be forward to the shift commander for review. After review by the shift commander the pursuit report form will be forward to the Captain of Special Services for review.

E. The Captain of Special Services will forward a report with the relative findings to the Chief of Police.

F. Additionally, the Captain of Special Services will examine the past years pursuits in aggregate to identify any patterns or trends occurring across the agency that may need to be addressed for potential policy change, training needs, and/or equipment needs, and forward this analysis to the Chief of Police for consideration.

306.11 SUPERVISORY CONTROL AND RESPONSIBILITIES

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The shift commander will be responsible for:

A. Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.

B. The shift commander should avoid participating in the pursuit if possible, so that he/she can make an objective decision regarding the pursuit.

C. Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.

D. Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.

E. Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.

F. Ensuring that the proper radio channel is being used.

G. Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.

H. Controlling and managing West Lafayette Police Department officers when a pursuit enters another jurisdiction.

I. Review of the case report and pursuit review report form and forward copies to the Captain of Special Services.

J. After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the complete of a post-pursuit review as appropriate.

Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance, and training needs.

306.12 DISPATCH CENTER RESPONSIBILITY

It is the responsibility of the Dispatch Center to constantly monitor all radio channels.The officer involved in the pursuit will switch to the "Tippecanoe County Special Detail" channel when safe to do so.The dispatch center shall continue to monitor all other WLPD channels as well.

If dispatch is advised that the pursuit is entering another jurisdiction, Dispatch shall immediately notify the appropriate agency and advise them that our pursuit is entering their jurisdiction. Dispatch shall keep the other agency updated, as best as possible, to the progress and location of the pursuit.If the other agency is able to monitor our radio traffic on Tippecanoe County Special Detail channel, they may choose to listen directly and dispatch would not need to keep them informed. However, the Dispatch Center shall make notification in all instances, and let the other agency decide if our dispatch needs to keep them informed.

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

A. Clearing the radio channel of non-emergency traffic.

B. Coordinating pursuit communications of the involved officers.

C. Broadcasting pursuit updates as well as other pertinent information as necessary.

D. Ensuring that a shift commander is notified/aware of the pursuit.

E. Notifying and coordinating with other involved or affected agencies as practicable.

F. Assigning an incident number and logging all pursuit activities.

306.13 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assist in the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

306.14 PURSUITS INTO OTHER STATES

A. Pursuits that cross state lines shall only be made in accordance with the policies of pursuing agency and the laws of the state that is being entered.

B. Upon apprehension, the pursued suspect(s) remain in the custody of the officer(s) of the other state until extradition is granted by the other state.

306.15 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all officers will receive annual training on any additional vehicle pursuit procedures, regulations, and rules of the Department, and the uniform statewide minimum standard for vehicle pursuits adopted by the Indiana Law Enforcement Training Board. Training will also include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.

MEMO

TO: Board of Public Works and Safety

FROM: Parks and Recreation Department

DATE: Tuesday, February 24, 2026

SUBJECT: Agreements: 2026 Contracted Right-of-Way Maintenance

The Parks and Recreation Department is requesting the Board of Public Works and Safety permission to enter into agreements for Public Right-of-way Landscape Maintenance with Custom Cuts Inc and J. Christopher Landscaping for the 2026 calendar year.

We are requesting that Custom Cuts Inc. be awarded Estimates #1 and #3, and that J. Christopher Landscaping be awarded the contracts for Estimates #2, #4, and #5.

The owner of J. Christpher Landscaping contacted the City after the estimates were read and requested that he no longer be considered for Estimate #3 (State Street, Tapawingo Drive, River Rd. from Quincy to Hwy 231). He provided a letter stating that they felt their estimate of $32,230.00 was significantly lower than the competing estimate of $48,300.00 and was incorrect.

J. Christopher Landscaping has not performed Right of Way Landscape Maintenance for the City before but has worked with the City on other projects. Both J. Christopher Landscaping and Custom Cuts Inc are in good standings with the Parks Department and the City of West Lafayette.

Thank you for your consideration

Estimate #1 - Cumberland Avenue Landscape Maintenance Area
AGREEMENT FORM

This agreement, made this ___ day of _____, 2026, at West Lafayette, Indiana, by and between the Board of Public Works and Safety for the City of West Lafayette, Indiana (hereinafter referred to as the "City") and **Custom Cuts Lawncare Inc.** (hereinafter referred to as the "Contractor").

WITNESSETH:

That in consideration of the mutual covenants hereinafter set forth, the City and the Contractor agree as follows:

Article 1: SCOPE OF WORK

The Contractor shall furnish all labor and tools and equipment and do all things required for completion of landscape maintenance for Cumberland Avenue Maintenance Area, between Sagamore Parkway Street and Soldiers Home Road. Further detail for maintenance specifications will be found in **Exhibit A.**

Article 2: PAYMENT

The City shall pay to the Contractor, in full and complete payment for all performance of the Contract not to exceed the sum of **$48,750 (Forty-Eight Thousand, Seven Hundred, Fifty Dollars and Zero Cents).**

Article 3: CONTRACT DOCUMENTS

The contract documents include this agreement, current wage rate table, the General Conditions, Special Conditions, Materials Specifications, and the Contractor's certification of insurance, together with plans and any subsequent addenda.

Said documents are hereby incorporated into and made a part of this agreement the same as if herein fully set forth.

Article 4: SEVERANCE

The intent of the parties is that this agreement be deemed entire in the sense that its purpose is to establish one price for the doing of the whole work, and that it be deemed severable in the sense that the voidance of any part or portion shall not void the remainder.

It is understood and agreed that partial payments may be made for the mutual convenience of the City and Contractor but shall not be construed as the City's acceptance of a part or portion of the work. Acceptance is to only in the manner prescribed in the General Conditions.

Article 5: RECORDS

The Contractor will maintain proper records for review by the City.

Article 6: DATE OF COMPLETION

The Contractor agrees that he will have the work contained in this contract completed by **December 31, 2026.**

Article 7: PREVAILING PARTY – ATTORNEY FEES

Notwithstanding any term or condition in this Contract to the contrary, in the event litigation is commenced to enforce any term or condition of this Contract, the prevailing party shall be entitled to costs and expenses of litigation including a reasonable attorney fee.

Article 8: NO INVESTMENT IN IRAN

As required by Ind. Code § 5-22-16.5, the Contractor certifies that the Contractor is not engaged in investment activities in Iran. Providing false certification may result in the consequences listed in Ind. Code § 5-22-16.5-14, including termination of this Contract and denial of future contracts, as well as an imposition of a civil penalty.

Article 9: NON-COLLUSION

The undersigned offeror or agent, being duly sworn on oath, says that he or she has not, nor has any other member, representative, or agent of the firm, company, corporation or partnership represented by him or her, entered into any combination, collusion, or agreement with any person relative to the price to be offered by any person nor to prevent any person from making an offer nor to induce anyone to refrain from making an offer and that this offer is made without reference to any other offer.

Article 10: E-VERIFY – USCIS Form I-9

Contractor shall comply with E-Verify Program as follows:

a. Pursuant to IC 22-5-1.7, Contractor shall enroll in and verify the work eligibility status of all newly hired employees of Contractor through the E-Verify Program ("Program"). Contractor is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.

b. Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that Contractor or its subcontractors subsequently learns is an unauthorized alien. If Contractor violates this Section 7(b), the West Lafayette Parks and Recreation Department shall require Contractor to remedy the violation not later than thirty (30) days after the West Lafayette Parks and Recreation Department notifies Contractor. If Contractor fails to remedy the violation within the thirty (30) day period, the West Lafayette Parks and Recreation Department shall terminate the contract for breach of contract. If the West Lafayette Parks and Recreation Department terminates the contract, Contractor shall, in addition to any other contractual remedies, be liable to the West Lafayette Parks and Recreation

Department for actual damages. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the Program.

c. If Contractor employs or contracts with an unauthorized alien but the West Lafayette Parks and Recreation Department determines that terminating the contract would be detrimental to the public interest or public property, the West Lafayette Parks and Recreation Department may allow the contract to remain in effect until the West Lafayette Parks and Recreation Department procures a new contractor.

d. Contractor shall, prior to performing any work, require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of the Project. If Contractor determines that a subcontractor is in violation of this Section 7(d), Contractor may terminate its contract with the subcontractor for such violation. Such termination may not be considered a breach of contract by Contractor or the subcontractor.

e. By its signature below, Contractor swears or affirms that it i) has enrolled and is participating in the E-Verify program, ii) has provided documentation to the West Lafayette Parks and Recreation Department that it has enrolled and is participating in the E-Verify program, and iii) does not knowingly employ an unauthorized alien.

Article 11: NON-DISCRIMINATION

Pursuant to Ind. Code § 22-9-1-10 and the City of West Lafayette's Municipal Code, the Contractor represents that it and its subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to the employee's or applicant's hiring, tenure, terms, conditions or privileges of employment or any matter directly or indirectly relating to employment because of the employee's or applicant's race, religion, color, sex, disability, national origin, ancestry, veteran status, sexual orientation, or gender identity.

Article 12: COMPLIANCE WITH ACCESSIBILITY

It is the intent and goal of the city to ensure that all new construction within the City of West Lafayette shall comply with all ADA and PROWAG guidelines.

Pursuant to Title II regulations at 28CFR 35.151; and the 2004 ADAAG CFR part 1191, appendices B and D, the City of West Lafayette adopted the 2010 ADA SAD standards for new construction and alterations for facilities, and also adopted the Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right of Way (PROWAG) as published July 26, 2011.

Facilities located within the City of West Lafayette, the 2010 ADA SAD standards shall be met for new construction and alterations for projects within the City.

Facilities located within the right of way, PROWAG standards shall be met for new construction and alterations for project elements.

Fair Housing Act (FHA) and Section 504 of the Rehabilitation Act, and The Architectural Barriers Act (ABA) standards and guidelines shall be followed.

Accessibility guidelines shall be met on all projects requiring compliance with the FHA, Section 504, or the ABA.

Projects found to not be in compliance with these standards and guidelines will be accessed fines, as follows:

- Non-compliant fee ($250 per day), and a "Stop Work" order will be issued.
- If after (3) violations and (10) business days to correct non-compliance issues, your contract will be revoked.

Article 13: COMPLIANCE WITH TITLE VI

It is the intent and goal of the City to ensure that all new construction within the City of West Lafayette shall comply with all TITLE VI guidelines.

Contractor in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office the Secretary, Part 21, Nondiscrimination in Federally assisted programs of the Department of Transportation and Title 23 Code of Federal Regulations, Part 200, Title VI Program and Related Statutes, issued pursuant to such Acts, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of religion, race, color, national origin, sex, sexual orientation, gender identity, age, disability/handicap and low income in consideration for an award.

Article 14: INSURANCE

The **CONTRACTOR** shall at its own expense maintain in effect during the term of this contract the following insurance with limits as shown or greater:

General Liability (including automobile) – combined single limit of $1,000,000.00;

WITNESSETH:

That in consideration of the mutual covenants hereinafter set forth, the City and the Contractor agree as follows:

Article 1: SCOPE OF WORK

The Contractor shall furnish all labor and tools and equipment and do all things required for completion of landscape maintenance for Sagamore Pkwy Medians and Northwestern Ave. Further detail for maintenance specifications will be found in **Exhibit A.**

Article 2: PAYMENT

The City shall pay to the Contractor, in full and complete payment for all performance of the Contract not to exceed the sum of **$12,767.67 (Twelve Thousand, Seven Hundred, Sixty Seven Dollars and Sixty Seven Cents).**

Article 3: CONTRACT DOCUMENTS

The contract documents include this agreement, current wage rate table, the General Conditions, Special Conditions, Materials Specifications, and the Contractor's certification of insurance, together with plans and any subsequent addenda.

Said documents are hereby incorporated into and made a part of this agreement the same as if herein fully set forth.

Article 4: SEVERANCE

The intent of the parties is that this agreement be deemed entire in the sense that its purpose is to establish one price for the doing of the whole work, and that it be deemed severable in the sense that the voidance of any part or portion shall not void the remainder.

It is understood and agreed that partial payments may be made for the mutual convenience of the City and Contractor but shall not be construed as the City's acceptance of a part or portion of the work. Acceptance is to only in the manner prescribed in the General Conditions.

Article 5: RECORDS

The Contractor will maintain proper records for review by the City.

Article 6: DATE OF COMPLETION

The Contractor agrees that he will have the work contained in this contract completed by **December 31, 2026.**

Article 7: PREVAILING PARTY – ATTORNEY FEES

Notwithstanding any term or condition in this Contract to the contrary, in the event litigation is commenced to enforce any term or condition of this Contract, the prevailing party shall be entitled to costs and expenses of litigation including a reasonable attorney fee.

Article 8: NO INVESTMENT IN IRAN

As required by Ind. Code § 5-22-16.5, the Contractor certifies that the Contractor is not engaged in investment activities in Iran. Providing false certification may result in the consequences listed in Ind. Code § 5-22-16.5-14, including termination of this Contract and denial of future contracts, as well as an imposition of a civil penalty.

Article 9: NON-COLLUSION

The undersigned offeror or agent, being duly sworn on oath, says that he or she has not, nor has any other member, representative, or agent of the firm, company, corporation or partnership represented by him or her, entered into any combination, collusion, or agreement with any person relative to the price to be offered by any person nor to prevent any person from making an offer nor to induce anyone to refrain from making an offer and that this offer is made without reference to any other offer.

Article 10: E-VERIFY – USCIS Form I-9

Contractor shall comply with E-Verify Program as follows:

a. Pursuant to IC 22-5-1.7, Contractor shall enroll in and verify the work eligibility status of all newly hired employees of Contractor through the E-Verify Program ("Program"). Estimate #5 – Sagamore Parkway / Northwestern Ave. Interchange Landscape Maintenance
AGREEMENT FORM

This agreement, made this 24 day of February, 2026, at West Lafayette, Indiana, by and between the Board of Public Works and Safety for the City of West Lafayette, Indiana (hereinafter referred to as the "City") and **J Christopher Landscaping LLC.** (hereinafter referred to as the "Contractor").

WITNESSETH:

That in consideration of the mutual covenants hereinafter set forth, the City and the Contractor agree as follows:

Article 1: SCOPE OF WORK

The Contractor shall furnish all labor and tools and equipment and do all things required for completion of landscape maintenance for Sagamore Parkway / Northwestern Ave. Interchange. Further detail for maintenance specifications will be found in **Exhibit A.**

Article 2: PAYMENT

The City shall pay to the Contractor, in full and complete payment for all performance of the Contract not to exceed the sum of **$7,808.82 (Seven Thousand, Eight Hundred, Eight Dollars and Eighty Two Cents).**

Article 3: CONTRACT DOCUMENTS

The contract documents include this agreement, current wage rate table, the General Conditions, Special Conditions, Materials Specifications, and the Contractor's certification of insurance, together with plans and any subsequent addenda.

Said documents are hereby incorporated into and made a part of this agreement the same as if herein fully set forth.

Article 4: SEVERANCE

The intent of the parties is that this agreement be deemed entire in the sense that its purpose is to establish one price for the doing of the whole work, and that it be deemed severable in the sense that the voidance of any part or portion shall not void the remainder.

It is understood and agreed that partial payments may be made for the mutual convenience of the City and Contractor but shall not be construed as the City's acceptance of a part or portion of the work. Acceptance is to only in the manner prescribed in the General Conditions.

Article 5: RECORDS

The Contractor will maintain proper records for review by the City.

Article 6: DATE OF COMPLETION

The Contractor agrees that he will have the work contained in this contract completed by **December 31, 2026.**

Article 7: PREVAILING PARTY – ATTORNEY FEES

Notwithstanding any term or condition in this Contract to the contrary, in the event litigation is commenced to enforce any term or condition of this Contract, the prevailing party shall be entitled to costs and expenses of litigation including a reasonable attorney fee.

Article 8: NO INVESTMENT IN IRAN

As required by Ind. Code § 5-22-16.5, the Contractor certifies that the Contractor is not engaged in investment activities in Iran. Providing false certification may result in the consequences listed in Ind. Code § 5-22-16.5-14, including termination of this Contract and denial of future contracts, as well as an imposition of a civil penalty.

Article 9: NON-COLLUSION

The undersigned offeror or agent, being duly sworn on oath, says that he or she has not, nor has any other member, representative, or agent of the firm, company, corporation or partnership represented by him or her, entered into any combination, collusion, or agreement with any person relative to the price to be offered by any person nor to prevent any person from making an offer nor to induce anyone to refrain from making an offer and that this offer is made without reference to any other offer.

Article 10: E-VERIFY – USCIS Form I-9

Contractor shall comply with E-Verify Program as follows:

a. Pursuant to IC 22-5-1.7, Contractor shall enroll in and verify the work eligibility status of all newly hired employees of Contractor through the E-Verify Program ("Program"). Contractor is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.

b. Contractor and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that Contractor or its subcontractors subsequently learns is an unauthorized alien. If Contractor violates this Section 7(b), the West Lafayette Parks and Recreation Department shall require Contractor to remedy the violation not later than thirty (30) days after the West Lafayette Parks and Recreation Department notifies Contractor. If Contractor fails to remedy the violation within the thirty (30) day period, the West Lafayette Parks and Recreation Department shall terminate the contract for breach of contract. If the West Lafayette Parks and Recreation Department terminates the contract, Contractor shall, in addition to any other contractual remedies, be liable to the West Lafayette Parks and Recreation

Department for actual damages. There is a rebuttable presumption that Contractor did not knowingly employ an unauthorized alien if Contractor verified the work eligibility status of the employee through the Program.

c. If Contractor employs or contracts with an unauthorized alien but the West Lafayette Parks and Recreation Department determines that terminating the contract would be detrimental to the public interest or public property, the West Lafayette Parks and Recreation Department may allow the contract to remain in effect until the West Lafayette Parks and Recreation Department procures a new contractor.

d. Contractor shall, prior to performing any work, require each subcontractor to certify to Contractor that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of the Project. If Contractor determines that a subcontractor is in violation of this Section 7(d), Contractor may terminate its contract with the subcontractor for such violation. Such termination may not be considered a breach of contract by Contractor or the subcontractor.

e. By its signature below, Contractor swears or affirms that it i) has enrolled and is participating in the E-Verify program, ii) has provided documentation to the West Lafayette Parks and Recreation Department that it has enrolled and is participating in the E-Verify program, and iii) does not knowingly employ an unauthorized alien.

Article 11: NON-DISCRIMINATION

Pursuant to Ind. Code § 22-9-1-10 and the City of West Lafayette's Municipal Code, the Contractor represents that it and its subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to the employee's or applicant's hiring, tenure, terms, conditions or privileges of employment or any matter directly or indirectly relating to employment because of the employee's or applicant's race, religion, color, sex, disability, national origin, ancestry, veteran status, sexual orientation, or gender identity.

Article 12: COMPLIANCE WITH ACCESSIBILITY

It is the intent and goal of the city to ensure that all new construction within the City of West Lafayette shall comply with all ADA and PROWAG guidelines.

Pursuant to Title II regulations at 28CFR 35.151; and the 2004 ADAAG CFR part 1191, appendices B and D, the City of West Lafayette adopted the 2010 ADA SAD standards for new construction and alterations for facilities, and also adopted the Proposed Accessibility Guidelines for Pedestrian Facilities in the Public Right of Way (PROWAG) as published July 26, 2011.

Facilities located within the City of West Lafayette, the 2010 ADA SAD standards shall be met for new construction and alterations for projects within the City.

Facilities located within the right of way, PROWAG standards shall be met for new construction and alterations for project elements.

Fair Housing Act (FHA) and Section 504 of the Rehabilitation Act, and The Architectural Barriers Act (ABA) standards and guidelines shall be followed.

Accessibility guidelines shall be met on all projects requiring compliance with the FHA, Section 504, or the ABA.

Projects found to not be in compliance with these standards and guidelines will be accessed fines, as follows:

- Non-compliant fee ($250 per day), and a "Stop Work" order will be issued.
- If after (3) violations and (10) business days to correct non-compliance issues, your contract will be revoked.

Article 13: COMPLIANCE WITH TITLE VI

It is the intent and goal of the City to ensure that all new construction within the City of West Lafayette shall comply with all TITLE VI guidelines.

Contractor in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office the Secretary, Part 21, Nondiscrimination in Federally assisted programs of the Department of Transportation and Title 23 Code of Federal Regulations, Part 200, Title VI Program and Related Statutes, issued pursuant to such Acts, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of religion, race, color, national origin, sex, sexual orientation, gender identity, age, disability/handicap and low income in consideration for an award.

Article 14: INSURANCE

The **CONTRACTOR** shall at its own expense maintain in effect during the term of this contract the following insurance with limits as shown or greater:

General Liability (including automobile) – combined single limit of $1,000,000.00;

Workers' Compensation – statutory limit; and

Professional Liability for protection against claims arising out of performance of professional services caused by negligent error, omission, or act in the amount of $1,000,000.00.

The **CONTRACTOR** shall provide Certificates of Insurance indicating the aforesaid coverage upon request of the **OWNER**.

AGREEMENT FOR ANIMAL SHELTERING

Between City of West Lafayette, Indiana,

and Humane Society for Greater Lafayette

THIS AGREEMENT, entered into between City of West Lafayette, Indiana ("City") and Humane Society for Greater Lafayette ("Humane Society"), is made on the 16th day of January, 2025, and the parties hereto agree to the following:

The parties acknowledge the need to organize animal shelter and disposal services to serve the City and, to that end, agree that this agreement between the two of them is to be conducted in the spirit of providing services to the citizens of the City through the joint efforts of both parties hereto.

PART ONE: ANIMAL SHELTERING AGREEMENT

1.01 Acceptance of Animals. The Humane Society will accept animals from the City pursuant to the Humane Society's rules, regulations, procedures, and all applicable local, state, and federal laws.

1.02. Term: This agreement shall be from January 1, 2025 to December 31, 2025.

1.3.1. Compensation: During the period from January 1, 2025 to December 31, 2025, the City agrees to pay to the Humane Society a monthly fee of $4,583.33, payable at the end of each month. The Humane Society will provide monthly intake reports of animals and an annual report to the City. This compensation is provided in consideration of the Humane Society's provision of services with respect to sheltering and otherwise caring for animals taken into custody within the City as more fully described in this Agreement.

1.3.2. If required by a City agent, Tippecanoe County Prosecutor, or Court to hold an animal past 5 days, the City shall pay $50.00/day fee for each additional day until the animal is released from the requirement. This additional fee will not be assessed against the City if the animal is ultimately returned to its owner in which case the owner will be responsible for sheltering fees due the Humane Society.

1.3.3. The City will pay all veterinary expenses incurred at the Purdue University Veterinary Emergency Room for animals transported there at the direction of a City agent after hours until the animal can be transferred to the Humane Society for care.

1.4. Definitions.

1.4.1. As used in this Agreement, an "impounded animal," means an animal placed with the Humane Society on the authority of the West Lafayette Police Department, Department of Animal Control, or other authorized City agents in connection with a city, state, or federal violation. Lost, stray, and at-large animals surrendered by City residents shall also be regarded as "impounded animals" provided they provide the information required in section 1.05 and the Animal Control Officer or other City agent does not object to such placement. The term does not include "owner-surrendered animals."

1.4.2. As used in this Agreement, an "owner surrendered" animal is an animal over which an owner voluntarily surrenders or attempts to surrender possession or ownership to the City or the Humane Society.

1.5 Acceptance of impounded animals. The Humane Society will accept animals from the City as "Impounded" through Animal Control or West Lafayette Police Department agents. Any resident of the City who captures a lost/stray animal must provide the location or address where the animal was found, a valid driver's license or proof of current residence, and contact information.

1.6 Procedures for handling impounded animals. "Impounded" animals will be held for possible owner reclamation for five (5) days, counted from the first day of possession as recorded by the Humane Society, unless otherwise ordered by a City agent or Court. Animals brought into the Humane Society where the owner is unknown will be posted on social media outlets and the Humane Society website. If an animal owner is located, the owner will be required, at their expense, to have the animal microchipped before release. After the five (5) day hold period expires and the owner cannot be located or the owner otherwise fails to reclaim the animal, the animal becomes property of the Humane Society.

1.7. Acceptance of owner-surrendered animals. The Humane Society may accept owner surrendered animals if space permits but reserves the right to decline such owner-surrenders. City agents must obtain permission from the Humane Society prior to any owner surrenders in the field. A condition of any owner surrender accepted by the Humane Society shall be transfer of ownership from the animal's owner to the Humane Society.

1.8. Impounded animals and legal proceedings. Animals impounded by a City agent as dangerous animals, animals running at large or causing a public nuisance, or whose care or treatment is in violation of city ordinance or due to legal proceedings will be handled properly and humanely. This includes, but is not limited to, bite cases, neglect and abuse cases, and animal abandonment. The Humane Society will adhere to the requirements of applicable statutes and ordinances, including IC 35-46-3-6.

PART TWO: SERVICES RENDERED

2.01 The Humane Society will provide the following services to the City for animals received by City agents.

- Proper housing for animals.

- Food and water.

- Veterinary services including but not limited to vaccinations, surgical alterations, disease control, and treatment.

- Microchipping

- Upon request from City agents, euthanasia for animals that are deemed to be a danger, that are suffering from rabies or other infectious disease, or that are suffering from a condition that leaves the animal severely debilitated.

-

PART THREE: GENERAL PROVISIONS

3.1 Independent Contractor. The parties agree that the Humane Society is an independent Humane Society as that term is commonly used, and is not an employee of City. As such, the Humane Society is solely responsible for all taxes, and none shall be withheld from the sums paid to the Humane Society. The Humane Society acknowledges that it is not insured in any manner by the City for any loss of any kind whatsoever. The Humane Society has no authority, express or implied, to bind or obligate the City in any way.

3.2 Subcontracting. The parties agree that the Humane Society shall not subcontract, assign or delegate any portion of this Agreement or the services to be performed hereunder without prior written approval of City. In the event that City approves of any such subcontracting, assignment or delegation, the Humane Society shall remain solely responsible for managing, directing and paying the person or persons to whom such responsibilities or obligations are sublet, assigned or delegated. City shall have no obligation whatsoever toward such persons. The Humane Society shall take sole

responsibility for the quality and quantity of any services rendered by such persons. Any consent given in accordance with this provision shall not be construed to relieve the Humane Society of any responsibility for performing under this Agreement.

3.3 Termination.

3.3.1 If the Humane Society becomes insolvent, or if it refuses or fails to perform the work and services provided by this Agreement, or if it refuses to perform disputed work or services as directed pending resolution of such dispute, or if it fails to make payments to subcontractors, contractors, or consultants employed by it, or if it otherwise violates or fails to perform any term, covenant or provision of this Agreement, then City may, without prejudice to any other right or remedy, terminate this Agreement in whole or in part, in writing, provided that the Humane Society shall be given (1) not less than ten (10) calendar days written notice (delivered by certified mail, return receipt requested) of City's intent to terminate, and (2) an opportunity for consultation with City prior to termination. In determining the amount of final payment to be made to the Humane Society upon such termination for default, if any, no amount shall be allowed for anticipated profit on unperformed services or other work; furthermore, an adjustment shall be made to the extent of any additional costs incurred or reasonably foreseen by City to be incurred by reason of the Humane Society's default.

3.3.2 Termination for Failure of Funding. Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by City are at any time insufficient or not forthcoming through failure of any entity to appropriate funds or otherwise, then City shall have the right to terminate this Agreement without penalty by giving written notice documenting the lack of funding, in which instance unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void on the last day of the fiscal period for which appropriations were received. City agrees that it will make its best efforts to obtain sufficient funds, including, but not limited to, requesting in its budget for each fiscal period during the term hereof sufficient funds to meet its obligations hereunder in full.

3.3.3 Termination for convenience. Either party may terminate this agreement for convenience upon sixty (60) written days notice to the other.

3.4 Notice. Any notice, invoice, order or other correspondence required to be sent under this Agreement shall be sent to:

To the Humane Society:	To the City:
Humane Society for Greater Lafayette 3150 Sagamore Parkway South Lafayette, IN 47909	Mayor's Office 222 N. Chauncey Avenue West Lafayette, IN 47906

3.5 Non-discrimination. The Humane Society and its subcontractors shall not discriminate against any employee or applicant for employment to be employed in the performance of this Agreement, with respect to her or his hire, tenure, terms, conditions, or privileges of employment, or any matter directly or indirectly related to employment, because of her or his race, sex, religion, color, age, sexual orientation, gender identity, disability, marital status, familial status, national origin, ancestry, or status as a veteran. Breach of this section shall be regarded as a material breach of this Agreement.

3.6 Conflict of Interest. The Humane Society certifies and warrants to City that neither it nor any of its agents, representatives or employees who will participate in the performance of any services required by this Agreement has or will have any conflict of interest, direct or indirect, with City. The Humane Society further certifies and warrants the Humane Society is not a relative of an elected official (as defined by IC 36-1-21) of City of West Lafayette and is not a business that is wholly or partially owned by a relative of an elected official of City of West Lafayette.

3.7 Applicable Laws; Forum. This Agreement shall be construed in accordance with

the laws of the State of Indiana, and by all applicable Municipal Ordinance or Codes of the City of West Lafayette. Suit, if any, shall be brought in the State of Indiana, County of Tippecanoe.

3.8 Severability. If any provision of this Agreement is held to be invalid, illegal, or unenforceable by a court of competent jurisdiction, the provision shall be stricken, and all other provisions of this Agreement which can operate independently of such stricken provisions shall continue in full force and effect.

3.9 Successors and Assigns. City and the Humane Society each binds itself and its partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all covenants of this Agreement; except as otherwise provided herein, The Humane Society shall not assign, sublet or transfer its interest in this Agreement without the written consent of City.

3.10 E-Verify Employment Eligibility Verification. In accordance with IC 22-5-1.7, the Humane Society shall enroll in and verify the work eligibility status for all of the Humane Society's newly hired employees through the E-Verify program. The Humane Society shall not knowingly employ an unauthorized alien, nor shall the Humane Society retain an employee or contract with a person that the Humane Society subsequently learns is an unauthorized alien. The undersigned hereby certifies on behalf of the Humane Society that the Humane Society does not knowingly employ an unauthorized alien at the time of execution of this contract.

3.11 Force Majeure. In the event that any party is unable to perform any of its obligations under this Agreement or to enjoy any of its benefits because of natural disaster, actions or decrees of governmental bodies or communication line failure not the fault of the affected party (hereinafter referred to as a "Force Majeure Event"), the party who has been so affected shall immediately give notice to other parties and shall do everything possible to resume performance. Upon receipt of such notice, all obligations under this Agreement shall be immediately suspended. If the period of nonperformance exceeds thirty (30) days from the receipt of such notice of the Force Majeure Event, the party whose ability to perform has not been so affected may be given written notice to terminate this Agreement.

3.12. Contract Reporting Requirements. The Humane Society understands and acknowledges that the City is a "public agency" within the meaning of Indiana's Access to Public Records Act and, as such, the agreement or other contract between the parties may be subject to disclosure as a public record under IC 5-14-3. The Humane Society further understands and acknowledges that, under IC 5-14-3.8-3.5, if the amount to be paid during a calendar year by the City under the contract exceeds fifty-thousand dollars ($50,000), the City will be required to scan and upload the digital image of the contract to the "Indiana transparency Internet web site."

IN WITNESS WHEREOF, the City and Humane Society have executed this Agreement effective the date specified in the first paragraph hereof.

WEST LAFAYETTE
OFFICE OF THE CLERK

TO: Board of Public Works and Safety

FROM: Sana Booker, City Clerk

DATE: February 24, 2026

SUBJECT: Informational Appointment and Compensation for Judge Elliott L. McKinnis

The Board of Public Works and Safety is hereby informed that Elliott L. McKinnis has been appointed by Governor Mike Braun as City Court Judge effective January 23, 2026. Prior to the Governor's decision, Judge McKinnis was appointed by the Clerk as Judge Pro Tempore after the loss of Judge Lori Stein Sabol. He began his work in this position in April 2025 and was compensated as a contractor via invoice. As of February 1, 2026, Judge McKinnis is a City employee and will be paid via bi-weekly payroll in the amount of $571.26.

The appointment letter from Governor Braun is attached.
